Walking:
 Cabeza de Toro has miles of beautiful beach to walk on, all perfectly safe during the daytime. To the right of Catalonia Resorts are miles of undeveloped beach. To the left you can walk into town (1 mile / 1.76 km to the marina).
 To the left of Natura Park Resort you can walk for 1 mile, then you will meet a security guard who will advise you not to walk further as you are entering unguarded property (you will not be allowed to enter with bags or valuables). The route takes you around the headland into the start of Bavaro beach.
 It is safe to walk around the town. The locals are friendly and always ready to chat. Ask for "una fria" at Col-Banca bar (a cold beer is only 50 pesos) and absorb the sights and sounds of local life.
 La Defensa, the supermarket, serves good, clean Dominican food and snacks in their little cafeteria - great spot for a typical Dominican lunch.
 See our article on Dominican food at: www.puntacanatv.com
